

Keep your business healthy in 2010

FIND OUT MORE AT:
WWW.CROWNVIRTUALSERVICES.COM

In the new year many make a physical resolution to stay fit and healthy for the new year. Well, what about your Mary Kay business? Make it your goal to keep your business healthy this year by feeding it what it needs. It needs you to outsource some of your office tasks so that you have time to concentrate on your personal IPA's and working with your Mary Kay Unit. Let Crown Virtual Services help you with this.

Please take a look at a few of the ways we can help your business grow, keep it healthy and strong and give it a daily dose of vitamins:

Newsletters:

We have a great variety of newsletters at very reasonable prices. Do you need a newsletter that you just want us to take care of or do you want to personalize it a little or a lot? Your newsletter will always be delivered to you on time with the personal touch that you want. You can customize it any way you like, add your Queens, add a letter, add your calendar dates, contest flyers, hostess promotions...just about anything you want. Need us to create a flyer for your newsletter? We can do that too! We always include pre made pages that promote and highlight current Mary Kay products and promotions.

Postcards:

Don't always have time to send a postcard, but want to keep your unit members updated? We will track and mail the postcard for you. Whatever type of postcard you are looking for, we have it? Active status, Inactive Status, Birthday, Anniversary, Wholesale Thank you...the list goes on. If we don't have it, we will create it for you!

Website:

We offer Unitnet creation and maintenance and a custom website with creation and maintenance. We have wonderful set up and maintenance packages for you to choose from. We will keep your site updated with Company things and with Unit Contests and information.

* No long term contracts to sign!

Please contact us with questions or if you would like a free of charge quote. We are more than happy to do what we can to keep your business healthy in 2010!
